

## Membership Information

### Our Mission

*OCP International Partnership's (OCP-IP's) mission is to promote and support OCP as the complete socket standard that ensures rapid creation and integration of interoperable virtual components.*

### Benefits

- Access to industrial grade tools that support the Standard
- Free access to all membership products, tools and services
- Hot line and e-mail technical support
- Participation in OCP-IP events, work groups and member meetings
- Free access to verified VCI to OCP conversion veneers and documentation
- Access to the Members Only Web site
- Free listing on the OCP-IP Web site
- The ability to contribute to OCP enhancements and access specifications in both draft and adopted form
- Free training material and tutorials for both the OCP Standard and industrial grade checkers and software tools
- Ability to associate with key industry leaders in the EDA / SoC community
- Ability to list IP and/or EDA products on OCP-IP Web site
- And many more...

### Membership Levels

#### **Governing Steering Committee (GSC)**

GSC member dues are determined by the GSC, which is the governing body for OCP-IP. Members in this category provide the highest level of organizational support and are afforded the opportunity to appoint a representative to the GSC. GSC members also participate in directing the creation of work groups and have the rights and privileges of all other Members.

#### **Sponsor**

Sponsor member dues are \$25,000 per year. Members may nominate themselves or be nominated by other OCP-IP members to serve on any GSC-established work group. Sponsor members also have free access to all OCP-IP products and services, compliance certification (fee-based) and may participate in OCP-IP events. Sponsor members have all the rights and privileges of Community members.

#### **Community**

Community member dues are \$10,000 per year. Members may provide input to GSC-established work groups and may participate in OCP-IP events. Community members also have free access to all OCP-IP products and tools and may submit products for any fee-based compliance certification programs made available to members.

#### **University**

University member dues are \$1,000 per year. Members may provide input to GSC-established work groups and may participate in OCP-IP events. University members also have free access to all OCP-IP products and tools and may submit products for any fee-based compliance certification programs made available to members.

#### **Participant**

Participant member dues are waived. Members are afforded access to commercial use of the OCP Standard and are issued an official vendor identification (VID) number. No other benefits are conferred.
